1) As regards the S.V. Dy proposals in para 3 of his letter (P.A.D), the FD has no objection.

2) The Senior Surgeon's recommendation as regards the expenditure chargeable to Local funds does not seem beyond the whole ground.

The addl cost involved as in the Madras Scheme centres in g 2 para - (a) Charges incurred by D.M. Os in charge of Hospitals for sending indigent patients for eye, an X-ray treatment, or rare & complicated operation, to Bangalore or Mysore, & (b) charges incurred by the Hospital authorities at the latter places for sending back such patients.

The Senior Surgeon makes proposals only in respect of (b) — There is no definite information as the extra cost involved under (a).

3) Then again the charge did not Local funds, when they can be met from the Hospital poor fund. In the Victorial Hospital, there is a poor fund from which perhaps the extra charge can be met.

LOCAL AND MUNICIPAL (MEDICAL) DEPARTMENT

G.O. No. 220, 18th May 1918

Concessions to indigent persons proceeding to Madras for treatment

Authorizing District Medical and Sanitary Officers and Civil Surgeons to despatch at the public expense indigent patients to the Presidency State hospitals for expert medical treatment or operation in serious cases.

Order—No. 220, Medical, dated 18th May 1918.

In G.O. No. 595 L., dated 8th May 1909, taluk boards were authorized to sanction up to an aggregate of Rs. 100 per mensem for each board (1) charges incurred by subordinate medical officers in sending pauper patients to the district headquarters hospital to undergo operations there and (2) charges incurred by District Medical and Sanitary Officers and Civil Surgeons in returning to their homes pauper patients who have undergone operations at the headquarters hospital. The authority conveyed by this order does not cover the cases of indigent patients who have to be sent from hospitals in the mufassal to a hospital in Madras or elsewhere outside the district. The number of such cases is not likely to be large, as ordinarily the District Medical and Sanitary Officer or the Civil Surgeon in each district has a sufficient equipment to enable him to deal with all cases that come to his hospital. The Government however consider that cases may arise occasionally in which it would be necessary or advantageous to send a patient to Madras, e.g., for operations on the eye which the District Medical and Sanitary Officer may not be accustomed to perform, for X-ray treatment or examination for which there is no suitable provision in mufassal hospitals and possibly for rare and complicated operations. In such cases indigent patients, whether in the service of Government or not, should be enabled to proceed to Madras at the public expense. His Excellency the Governor in Council is accordingly pleased to authorize District Medical and Sanitary Officers and Civil Surgeons to despatch such patients to Madras on their own responsibility for immediate treatment and then apply for sanction of the cost involved to the Surgeon-General who will satisfy himself in each case as to the propriety of the course taken by the medical officer, making, if necessary, a reference to the medical officer of the institution in Madras to which the patient has been sent. The Surgeon-General will also check and, if necessary, bring to the notice of Government any tendency on the part of individual officers to shirk their proper duty of operating by taking advantage of the concession now granted.

2. A medical officer forwarding a patient under the authority now conveyed will be held personally responsible for seeing that the rule is not abused by being applied to persons who are themselves able to defray the cost of their journey to Madras. In the case of persons in the service of Government, the limit of indigency should ordinarily be regarded to include only those in inferior service. A scale roughly corresponding with this limit should be applied to private persons. But in both cases medical officers will have discretion to go beyond this limit if, for special reasons which should be put on record, there are adequate grounds. The expenditure involved in such cases will be treated as a contingent charge of the institution from which the patient is sent and should be debited to Provincial funds.

3. Medical officers in charge of Presidency hospitals may also incur charges in connexion with the return to their homes of the patients who are sent to them under the above orders, in cases where such charges cannot be met from the hospital poor fund, where such a fund exists.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

Letter—from E. B. ELWIN, Esq., I.C.S., President, District Board, Gódávari.
To—the Secretary to Government, Local and Municipal Department.
Dated—Cocanada, the 1st April 1909.
No.—D. Dis. 558/D.B.

The District Board, Gódávari, at its budget meeting held on 7th December 1908, sanctioned a sum of Rs. 300 to help the sick poor of the district after their discharge from the head-quarters hospital and passed the following resolution :—

Subject.	Resolution.
To provide Rs. 300 being the cost of helping the sick poor of the district after their discharge from the head-quarters hospital.	Approved.

The amount has been budgeted for the year 1909-1910—please *vide* remark (*d*) against "Grant 3, Medical, Vaccination and Sanitation, (*a*) Medical Establishment, (*i*) District Medical and Sanitary Officer's establishment including travelling allowances, etc." of the Statement I-B.

2. I have the honour to request that you will be pleased to move Government to accord sanction to the proposal as required by G.O., No. 2378 L., dated 6th December 1897.

Order—No. 595 L., dated 8th May 1909.

The proposal of the District Board of Gódávari to incur an expenditure of Rs. 300 in the current year towards helping the sick poor of the district after their discharge from the head-quarters hospital cannot be sanctioned.

2. Clause (12) of article 248 of the Local Fund Code (2nd Edition) authorises Local Boards to sanction charges incurred by Subordinate Medical officers in sending pauper patients to the head-quarter hospital for undergoing operations, [up to an aggregate of Rs. 10) per annum] But there is no provision for the payment of charges for returning to their homes pauper patients who have undergone operations at the head-quarters hospital. The following rule will now be substituted for the one above quoted so as to enable the District Medical Officer or the Civil Surgeon to defray the conveyance charges of pauper patients returning to their homes :—

[ ] mitted under art. 9 of Go 1909 dt/ 15-12-1

"Taluk Boards are authorized to sanction up to an aggregate of Rs. 100 per annum for each Board—

"(*a*) charges incurred by subordinate medical officers in sending pauper patients to the head-quarters hospital to undergo operations there ;

"(*b*) charges incurred by the District Medical and Sanitary Officer or Civil Surgeon in returning to their homes pauper patients who have undergone operations at the head-quarters hospital.

No. 595 L., 8TH MAY 1909.

"The officer incurring such charges must satisfy himself that the person concerned is really a pauper and the authority conveyed by this rule does not cover cases in which pauper patients are sent from hospitals in the mufassal to a hospital in Madras or elsewhere outside the district."

Sir,

With reference to your letter No.G.17543, dated 17th February 1919, enquiring when a reply may be expected in giving the information required by Government in your letter No.G.1897, dated 24th July 1918, I have the honor to state as follows.

Enclosures are returned herewith

2 From the statistics furnished by the District Medical Officers and the Medical Officers in charge of the major medical institutions in Bangalore and Mysore where serious cases for treatment generally seek admission, the number of indigent patients that came from moffusal stations to the District Head Quarter for the past twelve months was as shown in the margin. How many of these patients were really pauper cannot be definitely stated.
